PERFORMANCE

Extremely precise

SmartVide sous-vide cookers are equipped with a **precision temperature control** system, obtaining highly consistent results and facilitating the standardisation of recipes.

An optional core probe enables even more precise control.

Temperature accuracy	Temperature range	Time accuracy	Cycle duration
0,01°C 0,1°F	5 – 95 °C 41 – 203 °F	1 min.	1 min – 99 h.

PERFORMANCE

Ability to work for an indefinite time

Can be set to be used for indefinite time, setting a temperatures but not a time.

This function is **particularly indicated for regeneration.**

Professional performance

PROFESSIONAL
PERFORMANCE

Equipped with an ergonomic and robust handle made from solid stainless steel (SmartVide 9) or reinforced polyamide (SmartVide 7/5), all models have a **control panel which is protected against moisture**.

The submersible section is equipped with a stirrer and resistance guard in stainless steel.

Wide range of accessories

Insulated tank with lid

The insulated tank with lids, available in GN2/1 (56 liters/14gal) and GN1/1 (30 liters / 8gal), are custom made for the SmartVide cookers.

Manufactured in stainless steel and equipped with a drainage tap, they provide thermal insulation and energy savings.

Wide range of accessories

Core probe and membrane

The core probe, available for all models, connects to the SmartVide and allows you to measure the **temperature at the centre of the product in real time**. This **is recommended when standardising recipes**. A membrane protects the bag from water entry as a consequence of using the probe.

Professional performance

PROFESSIONAL
PERFORMANCE

Wide range of accessories

Anti-steam balls

The anti-steam balls cover the surface of the bath, creating a layer in order to avoid the evaporation of liquids during long cooking periods. They keep the vacuum bags submerged, reduce both fumes and the risk of splashes.

The Sammic anti-steam balls can withstand up to 110°C / 230 °F and can be used with practically any type of liquid.

Advanced features

Advanced features

ADVANCED
FEATURES

Bluetooth connectivity

Bluetooth connectivity, which is available in all models, combined with the free App which is available for both IOS and Android, gives the SmartVide advanced features, such as a recipe memory, HACCP traceability, deferred start or firmware updating.

Also, the SmartVide 5/7/9 are compatible with the new customised tracking system for cooking times, Janby Track.

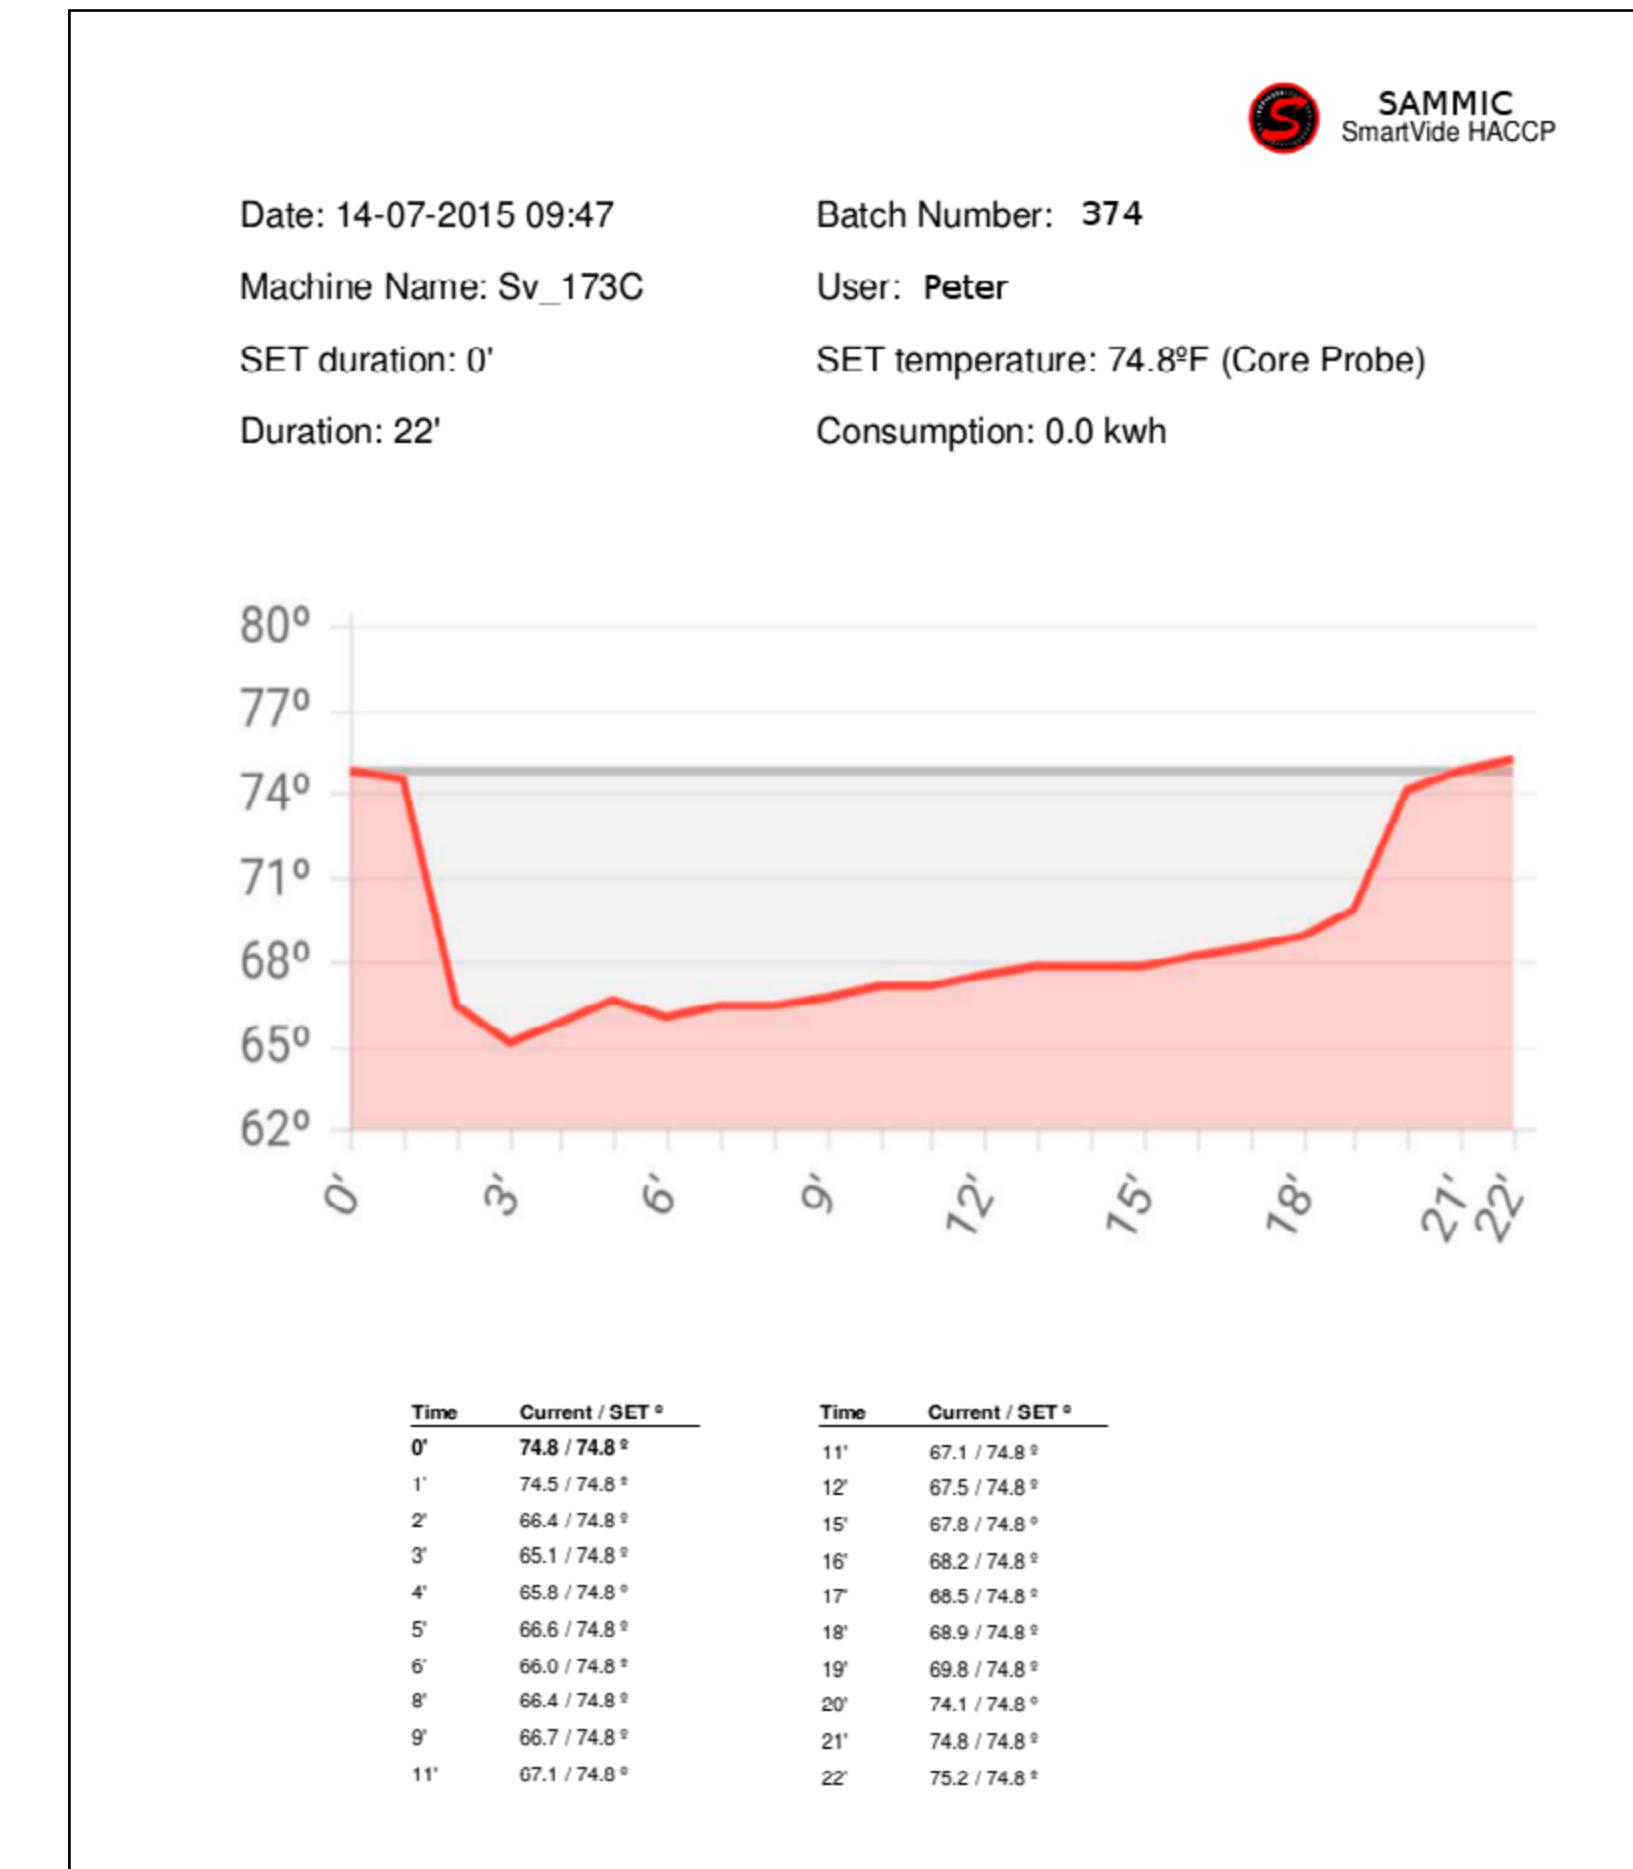

Advanced features

ADVANCED
FEATURES

HACCP-ready

Thanks to Bluetooth connectivity, the SmartVide makes HACCP control extremely simple, enabling you to **export or print the results of the cooking at the end of each cycle.**

Recipe memory

It is possible to save recipes by their name in both the appliance memory and the App.

Simply select the recipe instead of entering the temperature and time, guaranteeing consistent results in every cycle.

Advanced features

ADVANCED
FEATURES

Janby Track-ready

All models are ready for use with Janby Track, the new customised tracking system for cooking times.

* This service, as well as additional features, is enabled independently through our Gastronomy 4.0 technological partner Janby Digital Kitchen (<https://us.janby.kitchen/>).

Advanced features

ADVANCED
FEATURES

Firmware update

Thanks to the Bluetooth connectivity and the Bootloader function, the software that controls your SmartVide will be updated at all times.

This is useful for adding functions or correcting, remotely, any error in the operation of your device.

Portable: Transport bag

The transport bag, as standard with SmartVide 9 and optional in SmartVide 5/7 allows the SmartVide to be transported easily and safely.

Quality assurance

100% tested

All SmartVide cookers are **tested one by one** before they are sold, guaranteeing the best performance in a professional kitchen.

Approvals and certificates

All SmartVide cookers are approved by NSF: **guaranteed safety and hygiene** and have the required certificates for sale in the most demanding markets.

All about Sous-Vide Cooking

The screenshot shows the homepage of the SmartVide website. At the top, there is a navigation bar with links for HOME, SOUS VIDE, RECIPES, PRODUCTS, SMARTVIDE BY SAMMIC, and BLOG. Below the navigation bar is a large banner image of a steak with red berries. Overlaid on the banner is the text "All about Sous-Vide Cooking" and "Find out the culinary technique that is revolutionizing professional kitchens". Below the banner, there is a section titled "All about Sous-Vide Cooking" with a sub-section titled "Technique, Recipes, Equipment and more for Sous-Vide cooking". It describes Sous-Vide Cooking as a culinary technique that goes beyond fashion and is a clean and profitable method for professional users. There is also a small thumbnail image of food.

www.sous-vide.cooking

Sammic has a website dedicated to sous-vide cooking and low temperature where users can find recipes, cooking guides, techniques, equipment and much more.
